1. The Legacy of Top /Gear

1.1 From BBC Roots to Global Phenomenon

Top Gear began as a regional program in the 1970s, focusing on car reviews and driving tips. By the late 1990s, under the leadership of the BBC, it was rebranded into a national hit. The pivotal moment came in 2002 when Jeremy Clarkson, Richard Hammond, and James May joined forces, creating a dynamic trio that combined irreverent humor with deep automotive knowledge. Their chemistry turned the show into a global brand, with spin‑offs, merchandise, and a dedicated fanbase spanning continents.
